From (Name) C. A. Souter, Esquire, I.C.S.,

(Designation) Collector of South Kanara.

To The Secretary to the Government of Madras,

Local Self Government Department.
Through the Director of Public Health, Madras.

Sir,

I enclose a copy of the application addressed to me by the Plague Divisional Inspector attached to the Mangalore Municipality, together with a copy of the District Medical Officer's endorsement thereon, requesting that, in view of the importance of his work and the increased cost of living, he may be granted an increase of pay.

2. The applicant now draws a pay of Rs.[illegible]/- and a temporary allowance of Rs.10/- per mensem. He was also drawing a cycle allowance of Rs.5/- per mensem till the end of June 1921, when it was abolished by Govt.

(vide G.O.No.1035 P.D., dated 26th June 1923.) The applicant is a qualified plague Inspector counting a service of about 19 years, and is thoroughly experienced. The copies of the testimonials attached to his application bear testimony to his hard and honest work, especially during the time when plague was raging in the town in past years. He is not only useful in the Municipality, but also in the rural areas in case of occurrence of plague, there being no other qualified Plague Inspector in the District. These circumstances, --- coupled with the hazardous nature of the work done by the -- applicant seem to warrant the revision of his present pay, -- which I consider to be inadequate and I accordingly -------- recommend that he may be given a consolidated pay of Rs.50/- per mensem.

Your obedient servant,

For Collector.

To

The Collector of South Canara,

Mangalore.

Through

The District Medical Officer,

South Canara, Mangalore.

The humble representation of ... V. Setin, Plague Inspector, Mangalore, dated 29th Aug.1924.

Most Respectfully sheweth,

That your petitioner has been working as a Plague Inspector for over 19 years and during this long period he has always endeavoured to give every satisfaction to his superiors as will be seen from the copies of testimonials submitted herewith:

That petitioner need hardly submit that the work in which he is engaged as a Plague Inspector is a hazardous one involving considerable risk to one's life and that it is ---

petitioner ... submitted to submit that the disease is at present well nigh under control as the statistics will conclusively prove.

That he is a qualified Plague Inspector having undergone the necessary training at the King's Institute Guindy.

That notwithstanding his 19 years service and despite his good and hard, or through out recognised by petitioner's superiors, he is paid only Rs.40/- a month a pay hardly sufficient to meet the bare necessities of life in these hard days.

That the initial pay of a qualified Sanitary Inspector is at present Rs.60/- though the work of an ordinary Sanitary Inspector is of a less hazardous nature while your petitioner in spite of his good work gets only Rs.40/-.

Most humbly prays therefore your Honour taking the petitioner's long and hard work into kind consideration may be graciously pleased to raise his pay at least to Rs.60/-.

For which act of kindness the petitioner shall ever remain highly grateful.

I beg to remain, Etc.,

Sd/ A. I. Setin,
Petitioner.

Ref.No.1494/24.

Forwarded and strongly recommended. The Plague Inspector has done very good work. He is hard working also. As mentioned in his petition the pay of qualified Sanitary Inspectors has been raised and his case deserves a hard one especially as he has put in over 19 years service. I therefore request that his case should have a favourable consideration.

Mangalore,
30-8-1924.

Sd/ [illegible] Manjeshwar,
